**By Mary Baratta Lorton : Workjobs: Activity-Centered Learning for Early Childhood** Workjobs: Activity-Centered Learning for Early Childhood:

0 of 0 review helpful and I fear all of the IT now installed in classes often allows children to watch rather than do. By Polly Sandenburg. Written 40 years ago, this incredible set of hands-on activities was ground-breaking at the time. Sound teaching methods and strategies survive all the tests of time. We are now a very different world educationally with all of the IT gadgets to hand. This book ascertains that children learn. A workjob is a manipulative activity using familiar concrete materials from the child's world. This classic collection contains 104 math and language workjobs.

that explore primary concepts Students develop critical thinking skills as they explore perception matching classification sounds and letters sets number sequences practice combining and separating groups and relationships Presented in an easy to use format Workjobs includes a skills index ideas on prepa
