4 of 4 review helpful Workbooks are great By Karen B My students love their workbooks Its cheaper to buy than reproduce a bunch of worksheets it has a Pretest at beginning of each chapter that asks the student to rate if they know or dont know something after workbook enrichment they go back and answer same questions hopefully they all know the stuff now I find it nice to have the workbook as another tool too Scott Foresman Science Diamond Edition c 2010

components for Grade 4
