46 of 46 review helpful Not a Full Curriculum Study By Kris Schaumburg Average The book is laid out nicely enough and kept my children s interest But I bought this to use for homeschooling trusting that it was introducing topics that

would be common core related I also assumed it would be good preparation for the Stanford test It was not on both counts I had a third and second grader and had these books for the corres These all inclusive skills resources provide the focused practice students need to apply reinforce and review skills in reading math and test taking Answer key included
