0 of 0 review helpful Appropriate for Teaching undergrad students By Miss K I teach several courses related to Child

Adolescent Development and was looking for resources that would provide practical live examples for my undergrad students I received this book a few weeks ago and from the look of things it is just what I was looking for I've not yet viewed the videos When I do so I'll update the review 1 of 1 r OBSERVING CHILDREN AND ADOLESCENTS is an approximately 200 minute program of video segments that feature the highlights of infant child and adolescent development Designed to deepen student's understanding of major developmental milestones the program focuses on concrete and observable behavior and features segments of children interacting with peers parents and teachers in a variety of settings The video focuses on how major developmental theories are exhibited in 1 Prenatal development birth the newborn infants and toddlers 0 2 yrs Observation Module One unnarrated footage Infants and Toddlers 2 Early childhood 2 5 yrs Observation Module Two unnarrated footage Early Childhood 3 Middle childhood
