7 of 7 review helpful Good for teaching By Tracy in NY I ordered this book as a tool for supervising students It s been a challenge putting into words the work I do everyday as I do it without thinking about it and this book helped me organize skills that I wanted to pass along to the students I supervise For example the book had sections on contracting engaging and ethics all skills I use everyday but sometimes over THE SOCIAL WORK SKILLS WORKBOOK gives you the opportunity to get involved in actual hands on social work practice Cournoyer s comprehensive workbook textbook helps you rehearse and practice the core skills needed in contemporary social work practice Complete with interesting case examples summaries and skill building exercises THE SOCIAL WORK SKILLS WORKBOOK will help you become a more confident ethical and effective helper This new edition of the Social Work Skills Workbook is enhanced greatly by the many new additions revisions It s the best around for introductory social work and with the new material several sections would be valuable for higher level courses
