2 of 2 review helpful Bit expensive for 2 CDs but very useful By Dilmohan Aneja The package contained 2 Audio CDs They are very well made They are in the format of questions and answers by each of the knowlege areas of PMP exam I would suggest using these after going through PMBOK and possibly another book for the exam I used these towards the last couple of weeks For the price charged the CDs seem somewhat e This audio version of RMC Project Management s Hot Topics is designed to use as you commute Simply listen to over 300 Hot Topics read aloud and enhance your ability to recall and understand them as the answer is read back to you This is a great tool for shortening your study time and decreasing the time it will take to do the actual exam The 4th Edition of the Hot Topics Audio CD has updated and additional hot topics more on inputs and outputs and references the 4 I used the Hot Topics Audio CD when I went to the Gym or was driving It was remarkably helpful PMP Student K Jolaolu About the Author
