By Inc Active Planet Kids, Kelly Terrill : Summer Fit Third to Fourth Grade: Math, Reading, Writing, Language Arts + Fitness, Nutrition and Values second grade online curriculum get interactive animated 2nd grade math language arts phonics and reading lessons for homeschooling afterschool and skill go beyond the exemplars with this common core book list of compelling nonfiction text arranged according to grade bands and themes Summer Fit

Third to Fourth Grade: Math, Reading, Writing, Language Arts + Fitness, Nutrition and Values:

22 of 22 review helpful Typos and errors By jdrew This is a fun summer book but the answer key and the pages have errors on almost every other page The curriculum is relevant and the activities are good but the typos and errors make it hard to correct easily and causes frustration when it is marked wrong and then is actually correct I like the fact that it incorporates values and fitness into each day Just wish som Summer Fit Activity Books move summer learning beyond academics to also prepare children physically and socially for the grade ahead Academic exercises are based on Common Core standards and include skills in math reading writing language arts and science Fitness exercises are designed to jump start the recommended 60 minutes of active play a day that children need to grow up healthy Role models from throughout the world including Rosa Parks Mother Teresa and Be The Summer Fit series leaps forward in the summer workbook arena by providing content that invokes value based conversations between parent and child within its core teaching and review of basic skills The fitness component addresses our nations health crisis
