3 of 3 review helpful Great Book By Natalie This a great book to prepare for the exam Question format is very close to the actual exam I used it to study instead of just answering questions I went back to the answers and studied from there looking at the questions After a while you could see that there are definitions or facts that need to be understood

Study the formulas I had at least 15 questions with formulas Release 1 5 Over 100 new situation questions have been added to release 1 5 What makes PMP Exam Practice Questions and Solutions different from other sample question books The AME Group has designed the book with the goal of helping students obtain high exam scores To achieve this goal this book Includes not only a description of why the right answer is right but why the three wrong answers are wrong You will get four times the learning from each question Oth About the Author Aileen Ellis the president of AME Group Inc has helped more than 1000 students obtain those coveted letters PMP Working with 5000 students from over 30 countries in her project management and leadership courses Ms Ellis has gained a thoro
