1 of 1 review helpful Necessary companion to the textbook By Secryt In the beginning of the book there are a couple quotes discussing this series To paraphrase one of them one hour of pay saved me 300 hours of work That statement is completely true This is really the missing companion to the textbook I think that as AP teachers we sometimes think that our students are above worksheets and they need to do Kaplan s 5 Steps Crash Course and other review books are great resources for that last month before the exam but Tamm s Textbook Tools student activity books are meant to be an accompaniment all year long This AP U S History companion is filled with vocab and assignments that follow the Kennedy Cohen sixteenth edition for all 41 chapters They can be used as regular weekly assignments or reviews They can be used on short notice if there is a sub or be assigned a About the Author David Tamm has a master of arts degree from the Jagiellonian University in Krakow Poland the school of Nicholas Copernicus and John Paul II He has lectured at academic organizations such as the International Society for the Comparative Study
