3 of 3 review helpful Not as advertised By lms968s My four year old son is reticent to work on his letters so I bought this book for him to work through while his sister works on an online summer school class I clicked through the look inside pictures before purchasing and I was impressed by the Writing Practice page that showed space for the child to trace get guided practice to start the letter and then get space t Handwriting Printing Practice from A to Z Great for Preschoolers Kindergartner rsquo s and First Grade Students This book features practice pages for the entire alphabet

The first section focuses on upper case letters and the second section has pages to practice lowercase letters Basic number pages are also featured near the end of the book In addition we included fun tracing and coloring activities near the end of the book Additional tracing can al
